# Contemporary Issues in Maternal and Child Mortality in India

Bhopal, Madhya Pradesh, India

10-12 January 2018

---

MLC Foundation and 'Shyam' Institute will be organising the XVI Bhopal Seminar 2018: Contemporary Issues in Maternal and Child Mortality in India from 10-12 January 2018 at Bhopal. Presentations, discussions and deliberations at the Bhopal Seminar 2018 will be organised around the following sub-themes:

1. Levels, trends and projections of maternal mortality in India.
2. Progress and prospects of child survival in India.
3. Reproductive inequality in India.
4. Regional, residence, social class and gender inequalities in child mortality in India.
5. Levels, trends and determinants of the coverage of maternal and child health care interventions in the context of transition in maternal and child mortality.
6. Policy and programme options for accelerated reduction in maternal and child mortality in the context of National Health Policy 2017 and 2030 Sustainable Development Goals.

Bhopal Seminar 2018 is directed towards a discussion on reduction in maternal and child mortality in India in the context of the recently announced National Health Policy 2017, Millennium Development Goals and 2030 Sustainable Development Agenda of the United Nations. Bhopal Seminar 2018 aims at analytical review of the efforts directed towards saving lives of mothers and children in terms of progress made and challenges ahead. Discussions at the Bhopal Seminar 2018 are also expected to contribute to an objective assessment of challenges and opportunities towards the realisation of National Health Policy 2017 goals and sustainable development targets.
